

## EXPECT PRESIDENT TO VETO RAILROAD BILL

### Samuel Gompers Assails Labor Party Move

Declares Movement "Will Beat Our Friends, Elect Our Enemies"

Washington, Feb. 23.—Samuel Gompers, president of the American Federation of Labor, directed a withering blast today at the movement to organize an independent labor party whose candidates, he says, would be doomed to failure and whose appearance in the presidential and congressional election campaign would serve "to defeat our friends and elect our enemies."

The federation president is intently pursuing his plan to defeat anti-labor candidates for congress in both parties and political developments of the first magnitude are expected when Mr. Gompers goes before the republican and democratic conventions seeking the endorsement of his labor platform planks.

**Anti-Injunction Plank Sought**  
Mr. Gompers is particularly intent upon obtaining a plank in each platform, declaring against the use of the injunction process against strikes. A row over this is expected in the democratic convention which could not adopt such a plank without repudiating the Wilson administration's invocation of the injunction process to break the coal miners strike.

The attack of the federation's chief upon the labor party movement was called forth by a telegram from William Mitchell of Indianapolis, representing the Indiana state labor party, opposing the political program of the federation, pronouncing it impractical and absolutely unsuccessful and declaring that only a labor party can adequately protect the interests of the workers.

**Gompers Challenges Indiana Man**  
Mr. Gompers challenged the Indiana man to prove the federation plan has been impractical and unsuccessful, inquiring on what experience the Indiana men could base their claim for greater success by a labor party and added:

"Of this one thing you may rest assured, that the day of reckoning is at hand for all of those who are in antagonism to the cause of labor, and for those who are subtle and equally guilty even though they clothe their actions in the robes of pretended friendship.

"When you shall have learned the lesson of the real struggle of labor and the cause for which our movement stands, you may become penitent for the gross injustice you have done by your pretensions and your course.

"The effect of a separate political labor party can only be disastrous to the wage earners of our country and to the interests of all forward looking people. The votes that would go to a labor party candidate would, in the absence of such candidate go to the best man in the field. In no case would they go to an enemy of labor. There can be no hope for success of labor party candidates. The effect, therefore, of a political labor party will be to defeat our friends and to elect our enemies.

"Labor can look upon the formation of a political labor party only as an act detrimental to the interests of labor and exactly in line with that which is most ardently desired by those who seek to oppress labor.

**No Time for Experimenting**  
"The welfare of American humanity demands in this hour of national crisis that there be success at the polls. This is no time for experimenting with political theories which are proven false at the outset. The workers of America must use the tactics of success. They must have results.

"Results will not be obtained by injecting a labor party, so called, into the struggle.

"Those who are determined to be blind to the facts of the present and past will, of course, rush on to disaster and calamity. This, the American movement will not do. It rejects and repudiates the fallacies of blind theories and will have nothing to do with these treacherous follies that are suited only to the purposes of labor's enemies.

"Your telegram is an affront to the labor movement and an assault

MRS. MARC PETER

Mrs. Marc Peter, wife of the new Swiss minister to the United States.

upon the interests of that great body of Americans who are determined that the present campaign shall result, not in the destruction of our liberties, but in the opening of the way to national progress and the enlargement of opportunities for human welfare, safety and happiness."

### Investigating Retail Meat Profiteers

(By United Press)  
Washington, Feb. 24.—The United States Bureau of Investigation is hunting evidence against retail meat profiteers in every section of the country, it was learned at the department of justice today. Arrests are expected to be made.

Washington, Feb. 24.—Despite the dissolution agreement of Attorney General Palmer with the big five packers, a federal commission is necessary to supervise the packing industry, Rep. Anderson, of Minnesota, told the house agricultural committee today.

Opening a new investigation of the meat packing business, Anderson declared, that agreement with Palmer "is not sufficient from the standpoint of consumers and producers."

Legislation should be enacted to provide for regulation along these lines:

1. Public supervision of the packing industry and license system directed by a federal commission and not the department of agriculture as Anderson originally proposed.
2. Assurance that independent packers will not be discriminated against in use of refrigerator cars.
3. Separation of stock plants from the packing control.
4. Development of cooperation and municipal packing plants in the centers of production.

### Exports and Imports Both Increase Greatly

The Former 49 Million and the Latter 22 Million for January of this Year Over Last

(By United Press)

Washington, Feb. 24.—Exports for January totaled \$731,000,000, an increase of \$49,000,000 over December, the bureau of foreign and domestic commerce, announced today.

Imports for January were \$474,000,000, an increase of \$93,000,000 over December.

### Divorce Proceedings Postponed

Racine, Wis., Feb. 24.—Attorneys for Mrs. Daisy Armstrong, wife of Mayor William Armstrong, today opened a legal battle in circuit court to prevent the immediate trial of her divorce, suit claiming that her sister in St. Paul, one of the most important witnesses, is ill and unable to attend.

## SENATE PASSES BILL LATE YESTERDAY, VOTE 47 TO 14

### Railroad Men are Confident President Will Not Sign, as He Promised Them a Square Deal

### This They Charge, They Do Not Get in the Esch-Cummins Measure as Adopted in Conference

### Show Down on Treaty Will be Forced by the Republicans

On Thursday Senator Lodge Will Call up the Treaty and Insist Upon Its Consideration Until Disposed Of

(United Press Staff Correspondent.)  
Washington, Feb. 24.—Republican leaders have decided to force the issue on the peace treaty and bring a final "show down" without more delay. Senator Lodge today gave notice in the senate that on Thursday he will call up the treaty and insist that it remain before that body without interruption until it is disposed of.

Lodge said he had agreed that the civil service retirement bill and the dye stuff bill might be considered today and tomorrow.

After that, however, he cannot consent to anything else except conference reports interfering with the treaty, he said. Immediately after Senator Lodge gave this notice, Senator Hitchcock, democratic leader, left the chamber for a conference with other leading democrats. Hitchcock said later that if any number of democratic senators wanted a party conference to determine the course on reservations, he will call one. He said no request for such a conference had been made today.

### Wm. Phillips Appointed Minister to Netherlands

(By United Press)

Washington, Feb. 24.—The nomination of William Phillips, first assistant secretary of state to be minister to the Netherlands, was sent to the senate today by President Wilson.

## U. S. Army Aviators and Mexican Officer Who Arrested Them When They Were Forced to Land Far Over the Border

This photograph was taken immediately after Lieutenant Roy Wolfe, pilot, and Lieutenant G. L. Usher, observer, had been placed under technical arrest when their U. S. Army

RALPH COUCH, (United Press Staff Correspondent.)

Washington, Feb. 24.—Railroad union men today were confident the president will veto the Esch-Cummins railroad bill.

The measure, passed by the senate late yesterday, and by the house Saturday, was expected to be sent to the White House today.

The railroad men's confidence of a presidential veto is based on what they interpreted as the promise of a "square deal" made by the presidency last summer, when he asked them to postpone their wage demand pending the result of the government effort to bring down prices. The labor section of the Esch-Cummins bill does not give them a square deal, union men said, arguing that in passing the measure congress has deliberately ignored the president's promise to them.

What action Wilson takes on the railroad bill will probably be influenced by the advice of Rail Director Hines, whose attitude toward it is more or less of a mystery. Both friends and opponents of the measure claim his support.

In Louisville recently Hines spoke in defense of government control and the Plumb plan. This speech was printed and mailed to thousands of persons as they regarded it an argument for continuation of federal control. At a recent meeting attended by congressmen and union men, Hines was accused of being the author of the labor section of the measure. Hines denied this in a letter which was put in to the congressional record.

On the other hand notification was sent to all railroads, through Hines yesterday, that the roads would go back to private owners March 1. Friends of the bill took this to mean that the president would sign the bill. Hines sent this notice two hours before the senate voted on the conference report.

What would follow a veto is uncertain. It is generally believed that

not enough votes could be mustered up in the house to pass the bill over a veto but the senate apparently would override it. The vote yesterday was 47 to 17. One of the principal objections the president probably will take into consideration in deciding whether to veto the bill, is its guarantee to the roads of 5 1/2 per cent net operating income. Some congressmen consider this provision unconstitutional. Petitions have been received from farmers objecting to it.

### Ask League to Send Commission To Russia

Council of Premiers Decide to Take This Action to Get Information on Which to Base Relations

WEBB MILLER, (United Press Staff Correspondent.)

London, Feb. 24.—The council of premiers has decided to ask the league of nations to send a commission to Russia to study the situation there, it was announced today.

"It is highly desirable to obtain authoritative information concerning conditions in Russia," an official statement said.

It was further announced that the council had decided:

"Against taking up diplomatic relations with the soviets in view of past experiences until we are confident that bolshevik horrors have ended."

In official circles it was presumed that the duty of the commission will be to determine if the horrors have ended, and to gather information relative to the resumption of trade between the allies and the Russian co-operative society, now headed by Premier Lenin, to be under soviet control. The decision to resume trade was reported by the old supreme council in Paris several weeks ago.

EDWIN T. MEREDITH

Edwin T. Meredith of Des Moines, Ia., editor of Successful Farming, who has been appointed secretary of agriculture by President Wilson.

### Notified Not To Attack Bolsheviks

Poland and Roumania Assured by the Council of Premiers If They Do Not They Will Have Help If They are Attacked

H. MILLER, (United Press Staff Correspondent.)

London, Feb. 24.—The council of premiers have decided to notify Poland and Roumania not to attack the Russian bolsheviks, it was understood today. In event these nations are attacked by soviet armies, however, the entente will guarantee its help.

Terms for peace with soviet Russia as discussed by the council yesterday, were said to include indications that the soviet would abandon its foreign propaganda and cover loans to Russian governments preceeding the soviet.

The council conferred on conditions of exchange and high prices, and it has been said that forthwith the United States will be asked to participate. Experts will be called in to confer with the council on the financial situation.

At today's session the French representatives were to enter their protest to the allotment of German shipping, declaring the French did not get a fair share. It was learned, semi-officially, that the new allied policy toward Russia was brought about by the necessity for securing additional supplies of food stuffs, by the regeneration of Russia, it is said allied leaders hope to relieve the acute food situation in central European countries.

### Democratic Revolt Threatened on Treaty

A Score More of Democratic Senators are Ready to Vote for Lodge Reservations

(By United Press)

Washington, Feb. 24.—On his return to Washington today, Senator Hitchcock, democratic leader, was to be told that nearly a score of democrats are ready to go over to the republican reservation program, just to get the treaty off their hands, it was said today by a number of senators.

Democrats must have party conferences to decide on what they will do, in the opinions of Senators Underwood and Simmons and other leaders. They are prepared to insist that one be called. They said in no other way can the party course be decided on.

### Girl Died From Poisoning

New York, Feb. 24.—Nunzia Butero, age 12, died today from morphine poisoning. She was playing near a hospital and ate a hand full of snow.

Many drug addicts are treated in the institution and police believe one threw away a supply of morphine on the way to the hospital for treatment.

### Revenuers Descending on Iron River

J. L. O'SULLIVAN, (United Press Staff Correspondent.)

Negaunee, Mich., Feb. 24.—The rum-crushing force of Major A. V. Dalrymple will arrive at Iron River late tonight.

Bent upon arresting state officials who have interfered with the enforcement of prohibition, Dalrymple, in charge of the central states, went alone to Marquette, Mich., arriving at 8 o'clock this morning. He expected to obtain warrants for the arrest of State Attorney M. S. McDonough and other county officials, on a charge of conspiring to defeat the law. Dalrymple said he expects Attorney General Palmer to notify District Attorney Walker, at Grand Rapids, to make arrangements for the issuance of warrants through United States Commissioner Hatch at Marquette.

The Dalrymple party grew during the night as it rushed into snow depths and zero weather in this part of the country. It is snowing and blowing at Negaunee and Marquette this morning. Revenue and prohibition officers clambered aboard the car at all principal stops. There are thirty in the party which will descend upon Iron River at 11 P. M.

Reports were that the mining region has cleaned up for the visitors. The party is prepared for any emergency, as it is equipped with a medicine chest, high powered rifles and snow shoes. Major Dalrymple early today told the United Press "we are going to seize the home made wine which was seized by one of our men and later taken from him by the state's attorney under the flimsy pretext that my man could not show his credentials."

### Citizens Out to Greet Officers

Iron River, Mich., Feb. 24.—Most of the "gun revolvers" of Iron River were down at the station by noon today watching for the "revenuers" of Chicago, scheduled to clean up the county.

They had on their "Sunday best." All were on good behavior. For two days the city prison has been empty. Mayor Johnson had made no preparations for an official reception. Police Chief S. Sensaba is withholding a "snicker." He is the man who holds the keys to the lockup. If the federal officials want to arrest him and others—charged with resisting federal officers—they will have to negotiate with him for the keys if they want to use the jail. There are five thousand excited citizens here.

**Refuse Warrants for Officers**  
Marquette, Mich., Feb. 24.—Warrants for the arrest of Martin McDonough, prosecuting attorney of Iron county and other officials alleged to have interfered with enforcement of prohibition in Michigan, were refused today by United States Commissioner Hatch.

When called upon by Major Dalrymple for warrants, Commissioner Hatch said he could not issue them without instructions either from United States District Attorney Walker at Grand Rapids, or United States Judge Sessions, or Attorney General Palmer.

Hatch, in a telegram to Walker, at Grand Rapids, asking instruction as to whether he should issue the warrants immediately, and if after arrests are made by Dalrymple, he should hear the case.

Dalrymple announced he would wait until 2 P. M. for the arrival of the warrants. If they have not arrived at that time, Dalrymple said he would proceed immediately with his party of armed deputies to Iron River and make arrests.

Following the conference with Hatch, Dalrymple said: "Hatch said he was willing to issue warrants, but that he is following instructions."

Major Dalrymple's invading force was augmented by twelve men from the state constabulary here, assisted by Lieut. Downing, Col. R. C. Vandercort, commander of the state police, made an offer of assistance. The party will proceed to Iron River, but there were evidences the "clean up" force would investigate conditions throughout this section of the state. Dalrymple dispatched deputies to various nearby towns on different errands.

## EXPECT PRESIDENT TO VETO RAILROAD BILL

### Samuel Gompers Assails Labor Party Move

Declares Movement "Will Beat Our Friends, Elect Our Enemies"

Washington, Feb. 23.—Samuel Gompers, president of the American Federation of Labor, directed a withering blast today at the movement to organize an independent labor party whose candidates, he says, would be doomed to failure and whose appearance in the presidential and congressional election campaign would serve "to defeat our friends and elect our enemies."

The federation president is intently pursuing his plan to defeat anti-labor candidates for congress in both parties and political developments of the first magnitude are expected when Mr. Gompers goes before the republican and democratic conventions seeking the endorsement of his labor platform planks.

page ad in the St. Cloud Daily Times  
last Saturday on the merits of spend-  
ing money at home, patronizing St.  
Cloud enterprises and making the  
home dollar build up the home town.

The water and light board has its  
regular monthly meeting this eve-  
ning. Water meters and other mat-  
ters came up for consideration. Carl  
Zapfe, president of the board, who  
has been in Cleveland, Ohio, on busi-  
ness matters, has not yet returned  
home.

## Sinn Feiners Execute British Security Agent

(By United Press)

Cork, Ireland, Feb. 24—Positive  
evidence of the first instance of de-  
liberate execution of a British security  
agent by order of the court of the  
Irish republic, came to light today it  
was learned.

Investigation into the death of Har-  
ry Quinnisk, revealed that he was  
sentenced to death by Sinn Fein  
court martial and lead to a lonely  
field at midnight and shot. None of  
the men of the court martial were  
masked, according to reliable infor-  
mation.

The proceedings, it was said, were  
dramatic. Quinnisk stood in the  
center of the Sinn Feiners while  
findings were read by flash light.  
The charges against Quinnisk were  
that he was a British spy, and be  
executed at once. He was allowed  
three minutes to pray, and then his  
body was riddled with bullets.

## 3500 Service Men Have Received Bonus

(By United Press)

St. Paul, Feb. 24—About 3,500 for-  
mer service men, most of whom are  
enlisted in national guards, have re-  
ceived their bonus payments. This  
is comparatively a small portion of  
the total who have placed claims.

The reason enlisted men received  
the bulk of early payments was be-  
cause their claims relative to enlist-  
ment could be checked up here in-  
stead of going through the war de-  
partment records at Washington.

## Lover Abducts His Sweetheart

(By United Press)

Chicago, Feb. 24—Police of Rock-  
ford, Ill., and Beloit, Wis., were aid-  
ed by Chicago detectives today in  
hunting Iolanda Sabatine, seventeen  
years old, believed to have been kid-  
naped by a spurned lover.

Sam Falco, 22, is sought as the  
girl's abductor, following a telegram  
received today by the girl's father  
bearing Falco's signature. It was  
sent from Rockford, Ill.

# Sugar! Sugar!! Sugar!!!

## Coffee Will Bring You Sugar

SUGAR suggestions, SUGAR comment, SUGAR sarcasm, SUGAR suspicions, SUGAR guesses, SUGAR predictions by everybody everywhere here and there—Where is the SUGAR!

There is one sack at Dunn's drug store that will be given away on March 6th, and some one is going to get a 100 lb. sack of fine granulated sugar. It may be you, why don't you buy a pound of Blue Ribbon Steel Cut Coffee with your next grocery order and see if you can get that sack of sugar. Take your wrappers to the drug store at once, it is worth trying.

If your groceryman does not handle Blue Ribbon Coffee, call up The Brainerd Grocery Company and we will advise you where you can get it. It is sold in practically every store in town with the exception of one or two.

## WOMAN'S REALM

### ONGAWAS FAILED TO APPEAR

The Fifth Number of the University Lyceum Course Was Not Given, Company Did Not Appear

The fifth number of the University Extension Lyceum Course, The Ongawas, failed to appear for the entertainment at the High School Auditorium last evening.

It was through no fault of Rev. Carlson, the local manager, or of The University Committee. A delayed letter that reached Rev. Carlson yesterday afternoon made it impossible to inform the public of the change of date through the columns of the daily paper.

These Japanese entertainers will appear at a date to be announced later and the change of date was due to circumstances entirely outside of the control of the University Committee or the local management.

The inconvenience that may have been caused to those who appeared at the High School building last evening is regretted and we hope that the remainder of the course will appear on schedule time, without any further break or change of dates.

For the benefit of season ticket holders, the following entertainments with dates are herewith announced: Jessie Rae Taylor—Entertainer and Impersonator—March 11.

The Scheurer Concert Company—March 31.

The Ongawas—April 2.

### Mission Society

The Mission society of the Swedish Lutheran church will meet this evening at the home of K. O. Bergstrand, S. E. Oak St.

### Presbyterian Aid

The Presbyterian Ladies' Aid society will meet at the home of Mrs. Chas. Risk, 1015 South 6th street, on Wednesday afternoon. A cordial invitation is extended to members and visitors.

### Ladies' Aid

The Ladies' Aid society of the Bethlehem Evangelical church, corner Main and Bluff, will meet Wednesday, Feb. 25, at 2:30 P. M., at the church parlors.

### Y. P. A.

The Y. P. A. of the Bethlehem Evangelical church, corner Main and Bluff, will meet Tuesday, Feb. 24, at 7:30 P. M., at the church parlor.

### Episcopal Guild

The Episcopal Guild will meet with Mrs. W. H. Gemmell, 423 Holly St. Wednesday at 2:30 o'clock sharp.

## NOVEL PROGRAM AT MANGANESE SCHOOL

Manganese, Minn., Feb. 17.—A very novel program was given at the Manganese school Jan. 30, under the auspices of the "Manganese Little Citizens League."

The program consisted of an actual class recitation for each grade from primary up through seventh and the eighth grades.

The Crosby normal and their teacher, Miss Augusta Dahleen, were among those present.

Every home was represented at this program.

Lynol Foote of the sixth grade, conducted the ten minute physical culture drill which was a surprise as well as a pleasure to see.

### PROGRAM

7th and 8th—Arithmetic, 10 minutes, Mrs. Foote teacher.

6th—Geography, 10 minutes, Mrs. Foote teacher.

5th—Arithmetic, 10 minutes, Mrs. Foote teacher.

4th—Geography, 10 minutes, Mrs. Foote teacher.

3rd—Spelling, Mrs. Hamilton, teacher.

2nd—Reading, Mrs. Hamilton, teacher.

Primary and 1st—Phonics and ward drill, Mrs. Hamilton teacher.

### First Census Figures Given

Washington, Feb. 23.—Cincinnati has a population of 401,158 and Washington, D. C., 437,414, the census bureau announced, making its first public statement of results of the 1920 enumeration.

This shows an increase for Cincinnati of 37,567, or 10.3 per cent, as compared with the 1910 census. The increase for Washington is 106,345, or 32.1 per cent, as compared with 1910.

From now on the census bureau expects to make public almost daily the preliminary counts for many large cities. These announcements will continue daily as fast as the cities report and the figures are tabulated.

### MARKET REPORT

#### Minneapolis Cash Grain

Wheat—No. 1 dark northern \$2.60 to \$2.85; No. 1 northern \$2.50 to \$2.60.

Corn—No. 3 yellow \$1.40 to \$1.42; Oats—No. 3 white \$2 to \$4 1-2c.

Barley—Choice \$1.33 to \$1.38; Rye—No. 2 \$1.55 3-8 to \$1.56 7-8.

Flaxseed—Fancy \$5.12 to \$5.78.

#### South St. Paul Livestock

Cattle—Receipts 5200; market 25c lower; top price \$15; bulk of sales \$4.50 to \$15.

Hogs—Receipts 11,000; market 20c lower; top price \$13.60; bulk of sales \$13.55 to \$13.60.

Sheep—Receipts 1100; market steady; top price \$19.25; bulk of sales \$14 to \$15.

#### St. Paul Hay Market

Timothy—No. 1 \$26.50; No. 2, \$25.50; No. 3 \$21.

Clover Mixed—No. 1 \$25; No. 2 \$22.

Alfalfa—Standard \$35; No. 1 \$34.

#### Empire's Gradual Dissolution.

"Holy Roman Empire" was the name given to the Germanic empire of the middle ages, supposed by a fiction to be a continuation of the universal domination of the Romans and the Kaisers, the successors to the world-wide sovereignty of the Caesars. Charlemagne was crowned emperor of the west by Pope Leo III in 800 A. D. In 960 Otto the Great was crowned as emperor of the Romans by Pope John XII and the "Holy Roman Empire of the German Nation" formally proclaimed. This fiction was continued under one form or another for centuries, both the empire and the power of the overlord becoming more and more mythical, until in Napoleon's time the shadow of the empire, which Voltaire said was neither holy nor Roman, nor an empire, disappeared.

#### Height of Business Capacity.

Jud Tunkins' idea of a good business man is one who can keep doing mental arithmetic while he lets the other fellow attend to most of the argument.

DORA IVLINSKY

Dora Ivinsky, seventeen years of age, woman executioner of the Odessa extraordinary commission. She has killed 400 officers with her own hands.

Catarrhal Deafness Cannot be Cured. by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness results. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All

# CALUMET

# Saves

Calumet Baking Powder forms the very foundation of kitchen economy. It is the best way to reduce the high cost of living.

There is nothing you can do—nothing you can use that will help so much in keeping down food expense.

CALUMET is so perfectly made—so perfect in keeping quality—that bake-day failure is absolutely impossible. Nothing is wasted, spoiled or thrown away. Everything used with CALUMET—flour, sugar, eggs, shortening, flavoring—is converted into the most wholesome bakings.

**Makes Most Palatable and Sweetest of Foods**

You save when you buy it—moderate in cost. You save when you use it—has more than the ordinary leavening strength—therefore you use less. You save materials it is used with.

Made in the world's largest, most modern baking powder factory. Contains only such ingredients as have been officially approved by U. S. Food Authorities.

Order today! Conserve! Economize! SAVE—serve the purest, most wholesome of foods.

**All Baking Materials**

Remember when you buy Calumet, you get a full pound, if you want it. 16—not 12 ounces.

## MAYO FOR GOVERNOR

Dr. Will Mayo of Rochester is the latest to be mentioned for gubernatorial honors. He is a democrat and Frank A. Day, a well known democratic King Maker, has the honor of being his sponsor. Dr. Mayo is now in South America on a trip of scientific research and the use of his name as gubernatorial material is supposed to be without his knowledge, but Mr. Day is positive that the noted physician will make the sacrifice. If stories in circulation are correct, the move for Dr. Mayo was the result of a well-guarded meeting held in Minneapolis last week, in which a number of men high up in political and business circles sat in. Dr. Mayo is in no sense a politician, in fact he abhors the title, but he is a citizen of worth and standing and those behind his candidacy believe in him. It is said that the Minnesota Sound Government association recently organized, would welcome the Mayo candidacy.

## A PLEA FOR THE POORLY PAID JUROR

(Bismillah Times)

A revision on a decidedly upward trend of the pay given jurors is about as an important matter of business as the state legislature could deal with at its next session. It should have been dealt with several sessions back. In these days, requiring any man to serve on a jury at a salary of \$3 a day, is far without the bounds of reason, and is doubly so for the many men who are required to leave their work and business for weeks at a time. It means nothing less than a direct contribution from their own pockets for each day they are required to serve. Charity is a fine thing but it doesn't fit in jury service.

## HAVE YOU SEEN THIS ONE?

Here is one on the use of verbs manufactured out of nouns, satirized by E. D. Hughes in "The Writer" by the story of the city boy who wrote his brother on the farm as follows: "Thursday we autoed out to the Country Club where we golfed until dark. Then we trolleyed back to town and danced until dawn. Then we motored to the beach and Fridayed there."

The brother on the farm promptly wrote back:

"Yesterday we buggied to town and baseballled all the afternoon. Then we went to Ned's and pokered until morning. Today we muled out to the cornfield and geehawed until sundown. Then we suppered and then we piped for a while. After that we staircased up to our room and bedsteaded until the clock fived."

Dutch and Salt Wells.  
 Holland has begun to produce salt from wells drilled experimentally in two provinces, and may be able to obtain enough for all its needs.

**"It's easy to wash my hair now"**

"Wildroot Liquid Shampoo is easy and pleasant to use—and it doesn't make my hair brittle like the way ordinary soap does."

"My scalp feels better and my hair has stopped coming out."

Retired Admiral Who  
 Will be Chairman of  
 U. S. Shipping Board

Rear Admiral William S. Benson

This photograph of Rear Admiral William S. Benson, who has been chosen by President Wilson to succeed John Barton Payne as chairman of the United States Shipping Board, was made since his retirement from active service. He is seen wearing a decoration bestowed on him by France for his services during the war as Chief of Naval Operations.

## NORTHWEST NEWS

## Retail Grocers Convention

Duluth, Feb. 24—Retail grocers of the state in their annual convention opening today, were expected to make another attempt to concoct a deadly prescription for the H. C. L. Credits, profits, store management, advertising, co-operation, deliveries, the help problem and a score of other subjects affecting the corner grocer were to be discussed, and the wholesaler was to come in for some of the "cussing" too.  
 Generally speaking the retail grocers blame the producers, carriers and wholesalers for the high cost of living. Others in the "eternal quintangle" of existence, are the retailers themselves and the consumers.

## St. Paul Municipal Campaign

St. Paul, Feb. 24—This was the last day for candidates in the municipal election to file acceptance of nominations made by petition two weeks ago. The municipal campaign promises to be the most exciting in many years. Mayor L. C. Hodgson is running for re-election. He is opposed by W. J. Mahoney, labor candidate, and J. Gutterson.

## Jewelers Convention

St. Paul, Feb. 24—Retail Jewelers of Minnesota opened their annual convention here today. It will end Thursday.

## Livestock Meeting

Fargo, Feb. 24—A three day livestock meeting opened today here and will be devoted to cattle and hog sales, meetings and demonstrations.

## Checker Champion

Jamestown, N. D., Feb. 24—The checker champion of North Dakota will be decided at the sixth annual tournament here today and tomorrow.

## County Fairs Book Attractions

Fargo, Feb. 24—County fair directors of North Dakota are here today to contract for amusements and entertainment features for the 1920 seasons. On the circuit are Cando, Langdon, Bottineau, Grand Forks, Fargo, Jamestown, Rugby and Minnetonka. By forming a state society the various fair associations find they can get better attractions at cheaper cost.

## Wood in St. Paul

Yankton, S. D., Feb. 24—Major General Leonard Wood, majority choice of South Dakota republicans for president of the U. S., was here today for another speech on the national situation. Wood and his party come here from Lincoln, Neb.

## Watching His Step.

"No doubt you will leave footprints on the sands of time," "I don't know," answered Senator Sorghum. "Politics out my way has been requiring too much gum-shoe work, to make the footprint prospect very favorable."

## COAST GUARD TO BE STRENGTHENED

THIS FINE ORGANIZATION TO BE MADE PART OF COUNTRY'S FIRST LINE OF DEFENSE.

## DID GOOD WORK DURING WAR

Some Facts and Figures That Reveal Its Efficient Operations in the Great Conflict—Gave Coasts Excellent Protection.

By JAMES P. HORNADAY.

Washington.—The coast guard of the United States is to be strengthened. In the future it will be treated as a part of the country's first line of defense. It has not received the credit it deserves for the part it took in the war. On April 6, 1917, the date of the declaration of war against Germany by the United States, the entire guard passed from the control of the secretary of the navy, and has continued to this date to operate as a part of the navy. Plans for the coordination of the guard and navy in the event of war had been worked out and were published to the service during the month preceding the war in a confidential order. By it each unit of the guard was assigned a definite line of action in the general mobilization, whereby all would immediately begin to operate under a naval command specifically named in the order for each unit.

Dispatches putting the order into effect were cleared on the day war was declared. Units affected included 22 cruising cutters, 14 harbor cutters and launches, and 280 coast stations, with a personnel of approximately 220 commissioned officers, 404 warrant officers and 3,500 enlisted men. Increased during the war to a maximum of 438 warrant officers and 6,100 enlisted men, with no increase in the number of commissioned officers. All units affected by the mobilization order were assigned by it to naval districts, but six cruising cutters were within a few days taken from the districts, and assigned to the Atlantic patrol squadron. Four of these, with two other cruising cutters, were sent abroad for duty in the war zone.

## One Cutter Sunk by the Enemy.

These six vessels left the United States individually between the dates of August 15 and September 20, 1917. One of them was sunk in the war zone by enemy action; the others returned to the United States between the dates January 3 and July 1, 1919. The cutters attached to naval districts acted as patrol vessels on the coast, conveyed and towed along the coast or to offshore points various craft used in connection with the supply fleet, were detailed to hunt for enemy submarines reported on the coast, and were sent, when the necessity arose, to assist vessels in distress.

The coast stations, with their surfman patrols, formed an armed force of observation and communication on the coast and Great Lakes. They were especially valuable in this respect along the Atlantic seaboard at the times of submarine attacks on our coast. They continued to perform work of rescue and assistance as occasion required. The peace-time batteries of the cruising cutters comprised from two to four 6-pounder guns; these were generally replaced or augmented by larger guns of the 3-inch or 4-inch rapid-fire type to a maximum on a few of the vessels of four 4-inch, this being considered the heaviest battery any of the cutters could carry to advantage. Their armament further included the usual outfit of small arms, machine guns, and depth charges of the 50-pound or 300-pound sizes, varying with the nature of the duties to which they were assigned. To the outfit of small arms on the harbor cutters was added in most cases a 1-pounder gun. Small arms were distributed to the coast stations and carried on patrol by the surfman.

## Communication System Perfected.

The communication system of the coast guard and the organization which had been created for its maintenance proved of great value in connection with our war measures. At the date of the declaration of war the service had in operation about 1000 miles of telephone cable and land wire linking up its stations, with connection to commercial exchanges and lines. The system at that time was not sufficiently complete for coast defense purposes, and measures were speedily taken to extend and perfect it.

Today it covers the Atlantic coast from Quoddy Head to Key West. All the important lighthouses have land wire or cable run to them linking up with the general system. On the Gulf coast cables were laid and new lines constructed to outlying lighthouses and to all coast guard stations. The telephone lines on the Great Lakes were overhauled and extended to include all coast guard stations and important light stations. New lines on the Pacific coast were built to the principal light stations so that communication facilities to all important lookout points are now provided. The coast guard lines at present include 3000 miles of land wire and 400 miles of cable.

## Wire-Haired Fox Terrier Adjudged Best Dog at Westminster Kennel Club Show

Conejo Wyocollar Boy

To be adjudged the best dog exhibited at the Westminster Kennel Club show means that the winner of his honor is just about the best dog in the country. To a wire-haired fox terrier, Conejo Wyocollar Boy, owned

by Mrs. Roy A. Rainey, of Huntington, Ill., this honor went at the Westminster Club's forty-fourth annual show which was held in New York City. More than 1,600 dogs were exhibited.

## At the Best Today Only

A remarkable and graphically realistic fog scene is exposed in "The Illustrious Prince," the Robertson-Cole Superior Picture starring Sessue Hayakawa in a dramatization of E. Phillips Oppenheim's engrossing mystery story.

How these fog scenes were obtained, is not only a proof of the ingenuity of the producing staff of Hayakawa and their desire for artistic verity, but makes an interest story in itself.

## Mistake and Mushrooms.

An unusual occurrence is reported from Litchworth golf links. It appears that an enthusiastic beginner mistook a mushroom for his ball, and did not discover his mistake until five strokes afterward.

## MAYO FOR GOVERNOR

Dr. Will Mayo of Rochester is the latest to be mentioned for gubernatorial honors. He is a democrat and Frank A. Day, a well known democratic King Maker, has the honor of being his sponsor. Dr. Mayo is now in South America on a trip of scientific research and the use of his name as gubernatorial material is supposed to be without his knowledge, but Mr. Day is positive that the noted physician will make the sacrifice. If stories in circulation are correct, the move for Dr. Mayo was the result of a well-guarded meeting held in Minneapolis last week, in which a number of men high up in political and business circles sat in. Dr. Mayo is in no sense a politician, in fact he abhors the title, but he is a citizen of worth and standing and those behind his candidacy believe in him. It is said that the Minnesota Sound Government association recently organized, would welcome the Mayo candidacy.

## A PLEA FOR THE POORLY PAID JUROR

(Bismillah Times)

A revision on a decidedly upward trend of the pay given jurors is about as an important matter of business as the state legislature could deal with at its next session. It should have been dealt with several sessions back. In these days, requiring any man to serve on a jury at a salary of \$3 a day, is far without the bounds of reason, and is doubly so for the many men who are required to leave their work and business for weeks at a time. It means nothing less than a direct contribution from their own pockets for each day they are required to serve. Charity is a fine thing but it doesn't fit in jury service.

## HAVE YOU SEEN THIS ONE?

Here is one on the use of verbs manufactured out of nouns, retitrized by E. B. Hughes in "The Writer" by the story of the city boy who wrote his brother on the farm as follows:

"Thursday we autored out to the Country Club where we golfed until dark. Then we trolleyed back to town and danced until dawn. Then we motored to the beach and Friday there."

The brother on the farm promptly wrote back:

"Yesterday we buggied to town and bascaballed all the afternoon. Then we went to Ned's and pokered until morning. Today we muled out to the cornfield and geelawed until sundown. Then we suppered and then we piped for a while. After that we staircased up to our room and bed-steaded until the clock fived."

Dutch and Salt Wells.

Holland has begun to produce salt from wells drilled experimentally in two provinces, and may be able to obtain enough for all its needs.

**"It's easy to wash my hair now"**

"Wildroot Liquid Shampoo is easy and pleasant to use—and it doesn't make my hair brittle the way ordinary soap does."

"My scalp feels better and my hair has stopped coming out."

## NORTHWEST NEWS

## Retail Grocers Convention

Duluth, Feb. 24—Retail grocers of the state in their annual convention opening today, were expected to make another attempt to concoct a deadly prescription for the H. C. L. Credits, profits, store management, advertising, co-operation, deliveries, the help problem and a score of other subjects affecting the corner grocer were to be discussed, and the wholesaler was to come in for some of the "cussing" too.

Generally speaking the retail grocers blame the producers, carriers and wholesalers for the high cost of living. Others in the "eternal quintangle" of existence, are the retailers themselves and the consumers.

## St. Paul Municipal Campaign

St. Paul, Feb. 24—This was the last day for candidates in the municipal election to file acceptance of nominations made by petition two weeks ago. The municipal campaign promises to be the most exciting in many years. Mayor L. C. Hodgson is running for re-election. He is opposed by W. J. Mahoney, labor candidate, and J. Guttersen.

## Jewelers Convention

St. Paul, Feb. 24—Retail Jewelers of Minnesota opened their annual convention here today. It will end Thursday.

## Livestock Meeting

Fargo, Feb. 24—A three day livestock meeting opened today here and will be devoted to cattle and hog sales, meetings and demonstrations.

## Checker Champion

Jamestown, N. D., Feb. 24—The checker champion of North Dakota will be decided at the sixth annual tournament here today and tomorrow.

## County Fairs Book Attractions

Fargo, Feb. 24—County fair directors of North Dakota are here today to contract for amusements and entertainment features for the 1920 seasons. On the circuit are Cando, Langdon, Bottineau, Grand Forks, Fargo, Jamestown, Rugby and Minnewauken. By forming a state society the various fair associations find they can get better attractions at cheaper cost.

## Wood in St. Paul

Yankton, S. D., Feb. 24—Major General Leonard Wood, majority choice of South Dakota republicans for president of the U. S., was here today for another speech on the national situation. Wood and his party come here from Lincoln, Neb.

## Watching His Step.

"No doubt you will leave footprint on the sands of time." "I don't know," answered Senator Sorghum. "Politics out my way has been requiring too much gum-shoe work to make the footprint prospect very favorable."

## COAST GUARD TO BE STRENGTHENED

THIS FINE ORGANIZATION TO BE MADE PART OF COUNTRY'S FIRST LINE OF DEFENSE.

## DID GOOD WORK DURING WAR

Some Facts and Figures That Reveal Its Efficient Operations in the Great Conflict—Gave Coasts Excellent Protection.

By JAMES P. HORNADAY.

Washington.—The coast guard of the United States is to be strengthened. In the future it will be treated as a part of the country's first line of defense. It has not received the credit it deserves for the part it took in the war. On April 6, 1917, the date of the declaration of war against Germany by the United States, the entire guard passed from the control of the secretary of the treasury to that of the secretary of the navy, and has continued to this date to operate as a part of the navy. Plans for the co-ordination of the guard and navy in the event of war had been worked out and were published to the service during the month preceding the war in a confidential order. By it each unit of the guard was assigned a definite line of action in the general mobilization, whereby all would immediately begin to operate under a naval command specifically named in the order for each unit.

Dispatches putting the order into effect were cleared on the day war was declared. Units affected included 22 cruising cutters, 14 harbor cutters and launches, and 280 coast stations, with a personnel of approximately 225 commissioned officers, 404 warrant officers and 3,500 enlisted men, increased during the war to a maximum of 438 warrant officers and 6,100 enlisted men, with no increase in the number of commissioned officers. All units affected by the mobilization order were assigned by it to naval districts, but six cruising cutters were within a few days taken from the districts, and assigned to the Atlantic patrol squadron. Four of these, with two other cruising cutters, were sent abroad for duty in the war zone.

## One Cutter Sunk by the Enemy.

These six vessels left the United States individually between the dates of August 15 and September 20, 1917. One of them was sunk in the war zone by enemy action; the others returned to the United States between the dates January 3 and July 1, 1919. The cutters attached to naval districts acted as patrol vessels on the coast, conveyed and towed along the coast or to offshore points various craft used in connection with the supply fleet, were detailed to hunt for enemy submarines reported on the coast, and were sent, when the necessity arose, to assist vessels in distress.

The coast stations, with their surfman patrols, formed an armed force of observation and communication on the coast and Great Lakes. They were especially valuable in this respect along the Atlantic seaboard at the times of submarine attacks on our coast. They continued to perform work of rescue and assistance as occasion required. The peace-time batteries of the cruising cutters comprised from two to four 6-pound guns; these were generally replaced or augmented by larger guns of the 3-inch or 4-inch rapid-fire type to a maximum on a few of the vessels of four 4-inch, this being considered the heaviest battery any of the cutters could carry to advantage. Their armament further included the usual outfit of small arms, machine guns and depth charges of the 50-pound or 300-pound sizes, varying with the nature of the duties to which they were assigned. To the outfit of small arms on the harbor cutters was added in most cases a 1-pounder gun. Small arms were distributed to the coast stations and carried on patrol by the surfman.

## Communication System Perfected.

The communication system of the coast guard and the organization which had been created for its maintenance proved of great value in connection with our war measures. At the date of the declaration of war the service had in operation about 1000 miles of telephone cable and land wire linking up its stations, with connection to commercial exchanges and lines. The system at that time was not sufficiently complete for coast defense purposes, and measures were speedily taken to extend and perfect it.

Today it covers the Atlantic coast from Quoddy Head to Key West. All the important lighthouses have land wire or cable run to them linking up with the general system. On the Gulf coast cables were laid and new lines constructed to outlying lighthouses and to all coast guard stations. The telephone lines on the Great Lakes were overhauled and extended to include all coast guard stations and important light stations. New lines on the Pacific coast were built to the principal light stations so that communication facilities to all important lookout points are now provided. The coast guard lines at present include 3000 miles of land wire and 400 miles of cable.

## AMUSEMENTS

## At the New Park Today

The New Park theatre announces that it presents today Anita Stewart in "A Midnight Romance," a fascinating story of mystery and romance. The production was directed by Miss Lois Weber, from the story suggested by Marlon Orth.

The events pictured take place at Sea View Hotel, a society resort. Here Marie Alexander, a hotel maid, played by Miss Stewart, upsets the bachelor vows of Roger Sloan, a wealthy young guest, thereby becoming an innocent accomplice in the plan of two plotters of a blackmailing scheme. Sooner is Sloan saved from their machinations, than he discovers that the mysterious maid is no other than the beautiful, charmingly govted vision whom he had met on several occasions in the hotel gardens and on the beach at midnight. Before he can cover from the surprise she disappears, and the mystery deepens. And

## TRUCK BREAKS CHAUFFEUR'S RIBS

Edward Lundberg, World War Sailor  
Veteran, Cranks Up Truck  
While in Gear

### CAR PUSHES HIM THRU DOOR

Miracle That His Life was Not Snuffed Out, Fighting Constitution Saved Him

A constitution of iron, gained while in the navy fighting in the World War, is all that saved Edward Lundberg, son of Mr. and Mrs. Otto Lundberg, from being ground to pieces by a big automobile truck.

Lundberg is driving a truck for McCrae, Moos & Co., contractors putting in cement paving on the Oak street road. The truck is stored at the Lively Automotive Co. garage. On Tuesday morning Lundberg cranked up and the truck, stationed three feet from the rear door of the garage and still in gear, started off with a jump and rammed Lundberg through the door, snapping three ribs and otherwise injuring him.

### PLANS CONTINUED

For Entertainment of Lieut.-Col. Briscoe at Chamber of Commerce Wednesday Evening

All plans and preparations are completed for the entertainment of Lieut.-Col. Briscoe, who speaks to the former service men at the Chamber of Commerce Wednesday evening.

The entertainment for the colonel includes a supper at 6 o'clock at the Chamber, put over in true club style. The house and social committee has decided to make this a New England supper. The main constituents of course, will be brown bread and baked beans, so deliciously cooked and served that they will carry you back to the New England times as pictured and described in the old school histories.

You can help make this supper a big success by being present yourself and bringing a friend. As soon as supper is over, as an aid to digestion, Col. Briscoe will entertain with an informal talk.

In a letter received by Secretary Suttel this morning, the colonel writes that in this talk he will explain the lessons learned from recent experiences in the World War, the difference between the war-time army and the peacetime army, the present system of schools in the army with their hundreds of thousands of students, and a comparison of a soldier's pay and allowances with those of the men in civil life. He promises to make some surprising statements, the main thought being to tell the people just what the army is doing for them.

Members of the American Legion and all former service men are especially invited to hear Colonel Briscoe speak Wednesday evening. If possible, come to the supper, as Col. Briscoe will appreciate dining with men who wore the uniform. Let's give him a warm welcome. The kind that will make him long remember Brainerd.

### Card of Thanks

We wish to thank our friends and neighbors for their kindness and help to us during the illness and death of our mother Mrs. John A. Denis; also for the beautiful floral offerings. We wish to also thank the United Order of Foresters and Boilermakers and Helpers of Lodge No. 116.

Mr. and Mrs. E. E. Burton,  
Mr. and Mrs. John Denis,  
Charles Irwin and family.

## MERITS OF ROADS WERE THRESHED OUT

Representative of Minnesota Highway Improvement Association Spoke on Babcock Law

### COUNTY ASSOCIATION PLANNED

General Manager of Mississippi River Scenic Highway Association Portrays its Merits

Road matters as they affect Brainerd were discussed with an intensity never before experienced by people who attended the session at the Chamber of Commerce Monday evening.

President F. H. Simpson presided. The merits of the Babcock law, known as Amendment No. 1 to be voted on by the state November 2, were explained in detail by Arthur J. Donovan.

The plan of the Mississippi River Scenic Highway was discussed by the general manager, Truman Pierson of St. Louis, Mo.

These two exponents of road matters had frequent tilts and a running debate was carried on and furnished food for thought from 8 to 11 p. m.

Eventually it simmered down to this. People favored both projects, but the critical thing just now was to put the Babcock law over the line. There was appointed a committee, C. L. Motl, R. R. Wise, Dr. J. A. Thabes, E. O. Webb and S. R. Adair who are to plan a county organization of the Minnesota Highway Improvement Association and to make arrangements for its meeting in Brainerd and completing organization. This association is to join with the 46 or more other county associations and "boost" the Babcock plan.

Then, after the accomplishment of this purpose, all will join in assisting the Mississippi River Scenic Highway association in its laudable purposes.

In fact, after the Babcock plan is adopted, it will provide a paved route for the Mississippi River Scenic Highway association through Minnesota.

### MRS. J. PROSSER

Funeral of Brainerd Matron Held on Monday Afternoon, Interment in Sauk Rapids

(St. Cloud Daily Times)

Funeral services for Mrs. Jacob Prosser of Brainerd, who died Saturday were held Monday afternoon at one o'clock at the German Evangelical Friedens church, Rev. Dahlman officiating. Interment was in the family lot in Sauk Rapids cemetery.

Mrs. Prosser had been suffering for some months with cancer. She was formerly Miss Marie Kowitz, and was born near St. Joseph forty-four years ago. She lived at Sauk Rapids for five years before moving to Brainerd. She is survived by her husband and four sons living at Brainerd, one sister, Mrs. Fred Schave, of Sauk Rapids and four brothers, Henry and Herman Kowitz, of Sauk Rapids and Clarence and Fred Kowitz of Oregon.

Out-of-town relatives and friends who attended the funeral were Mrs. H. Schwartzkopf, Mr. and Mrs. Peter Staub, and Frank Prosser, of Brainerd, Geo. Pettijohn of Anoka, Mr. and Mrs. Frank Kasner, of Gilman, and Miss Elizabeth Blaske of Rice. The pallbearers were six nephews of Mrs. Prosser, Chris Kowitz, William Kowitz, Arthur and George Blaske and Henry and Walter Schave.

### AMERICAN LEGION

Members are asked to attend the Chamber of Commerce Wednesday evening dinner and meeting following which Lieut.-Colonel N. B. Briscoe will speak on the relationship between the man in uniform and the folks at home.

A nominal charge will be made for dinner, to be served at 5 p. m. Adt. 11.

### Charged With Murder

Stevens Point, Wis., Feb. 24—John Buss today was bound over for trial in circuit court on a charge of first degree murder. The action followed a preliminary hearing today on charges of causing the death of his mother, Mrs. Anna Buss. Bail was continued at \$5,000 and not furnished. It is expected the trial will be continued at the May term.

## REV. C. H. KOCH AT CONFERENCES

Former Pastor of Brainerd Methodist Church Has Been Missionary in India

### MANY FRIENDS IN BRAINERD

Stationed at Calcutta—to Attend the Conference in Des Moines, Iowa, and Visit Friends in Brainerd

Word has been received from the Rev. C. H. Koch of Calcutta, India, that he is now enroute to America as a delegate to attend the General Conference of the Methodist church to be held in Des Moines, Iowa in May.

Rev. Koch is remembered most pleasantly by residents of Brainerd as the one who supplied the pulpit of the Methodist church for eight months about five years ago during the interim caused by the resignation of Rev. E. E. Satterlee. He was then on a furlough and had it extended that he might spend a little longer time in America.

He will visit Brainerd sometime in April and his friends here are looking forward with interest to see him and hear him again.

### Obituary

Little Helen E. Anderson daughter of E. L. Anderson of Brainerd was born July 11, 1917 and died Feb. 22, 1920 at the home of her grandparents Mr. and Mrs. M. H. Mayo. Death was due to pneumonia. The funeral was held Tuesday afternoon privately at the home 215 Gillis Ave.

The mother died a week ago of pneumonia.

### Card of Thanks

We wish to thank our friends and neighbors for the kindness shown us during the illness and death of our husband and father, also for the beautiful flowers which were received.

Mrs. Karl Johnson,  
and Family.

1tpd.

## BRAINERD'S ODDEST STORIES

That you can't keep a good man down has been exemplified in the case of D. D. Schrader, a life insurance agent. Schrader was sick with the flu at his farm home near Hubert and to keep him company five or six other members of the family were sick too.

The Brainerd doctor was so busy he advised taking the Pequot "doc" and the latter came and ordered the windows out and the openings screened with cloth.

While Schrader lay flat on his back, a man he had hired to cut timber, Perry Hollingsworth, came up and talked to him about farm matters, the conversation sitting through the screened window. From that line of business it drifted to flu and then life insurance and Schrader, enthusiastic as ever, even with the flu in evidence, talked life insurance and Hollingsworth took a \$2,500 policy.

The Pequot doctor examined the applicant in the woodshed and filled out the application. Hollingsworth then went out in the woods and talked insurance to his two helpers and they came back, another conversation sifted through the screened cloth window openings, there were two more examinations in the woodshed and two more applications written.

You have to hand it to the girls when it comes to exercising ingenuity. A young lady ripped her silk stocking along the seam and there was nothing on hand to repair the break. She grabbed a fountain pen and an ink bottle and soon painted the telltale tear out of sight.

### AN ELOQUENT RECORD

The St. Paul Pioneer Press gives the following facts concerning the six months' effect of Prohibition on the city of St. Paul and the county:

Reduced the number of patients in the city hospital about 1,000 for six months.

Reduced the applicants for admittance to the poorhouse 40 per cent in six months.

Reduced accidents, suicides, assaults and the like about 99 per cent.

Depopulated the workhouse at times so that it may be closed and the prisoners kept at the county jail.

Reduced the number of prisoners in the county jail more than 200 for the year compared with 1918.

Made fewer drug users rather than increasing them, as was freely predicted.

Is making the typical bum obsolete.

## Now the New Blouses

Short, Three-quarter and Full Length Sleeves

They are decidedly new and they are most beautiful too. They are the first that we have received of the short and three-quarter sleeves. We cannot adequately describe them---You must see them to appreciate them.

H. F. Michael Co.

## REIMSTAD SERVICES PLANNED TUESDAY

Funeral services for Theodore S. Reimstad, 2008 Milwaukee Ave., head of the music department at the Augsburg seminary, will be conducted at Earl's undertaking parlors, Chicago and Franklin Avenues, at 2:30 p. m., Tuesday, Rev. A. O. Norem, pastor of Bethany Lutheran church, will officiate.

Professor Reimstad died Saturday after a long illness. Surviving are two brothers, Dr. C. S. Reimstad of Brainerd, Minn., and George I. Reimstad of Stanton, N. D. Professor Reimstad was born in Norway 61 years ago and came to Minneapolis when he was 16 years old. He had made five trips to Europe with male quartets from Augsburg seminary.—Minneapolis Journal.

### FINE ICE HARVEST

Brainerd Ice Co. Cut 4,000 Tons at Rice Lake, Ice was 27 Inches Thick, 620 Lbs. Cakes

The ice this season, cut in Rice lake by the Brainerd Ice Co., is reported to have been the best cut in many years. The weather continued cold, sleighing was good, there was no slush ice or thawing, and no snow-fall during cutting operations. The harvest amounted to 4,000 tons. The ice measured 27 inches and the cakes average 620 pounds each.

## State Regulations of Compensation Insurance Favored by Sanborn

St. Paul, Feb. 24—J. B. Sanborn, state commissioner, would have state regulation of the workmen's compensation insurance instead of direct rate fund, he testified today before the state commission, investigating plans for the funds at the capital. He said state regulation would make much change in the initial cost of the present system, but that it would be better for employers and employees to have such regulations.

## Boom for Lenroot for President Launched

Washington, Feb. 24—A boom for Senator Lenroot, of Wisconsin, for president, will be launched at a dinner to be given in his honor tonight. Many senators and members of the house have been invited. Lenroot's friends in Wisconsin are behind the movement. Lenroot is a progressive republican.

### Late Telegraph

Election in Chicago  
Chicago, Feb. 24—Chicago held its first non-partisan city election today. Twenty-five of the thirty-five ward were to know tonight who are their aldermen. The final election is to be held April 6.

### File for Secretary of State

St. Paul, Feb. 24—F. G. Sherman state immigration commissioner, is expected to file for the republican nomination for secretary of state upon his return from St. Louis March 1. Commission Nominations Made  
Washington, Feb. 24—The following nomination for members of the Mississippi river commission were sent to the senate today by President Wilson:  
Col. Chas. L. Potter, president; Lieut.-Col. Herbert Deakey and Lieut.-Col. Harry Burgess, as members.

### Lowden Files in Illinois

Springfield, Ill., Feb. 24—Governor Frank Lowden's petition for president for the preferred primaries on March 13, was filed with the secretary of state today.

## TRUCK BREAKS CHAUFFEUR'S RIBS

Edward Lundberg, World War Sailor  
Veteran, Cranks Up Truck  
While in Gear

### CAR PUSHES HIM THRU DOOR

Miracle That His Life was Not Snuffed Out, Fighting Constitution  
Saved Him

A constitution of iron, gained while in the navy fighting in the World War, is all that saved Edward Lundberg, son of Mr. and Mrs. Otto Lundberg, from being ground to pieces by a big automobile truck.

Lundberg is driving a truck for McCrae, Moos & Co., contractors putting in cement paving on the Oak street road. The truck is stored at the Lively Automotive Co. garage. On Tuesday morning Lundberg cranked up and the truck, stationed three feet from the rear door of the garage and still in gear, started off with a jump and rammed Lundberg through the door, shattering three ribs and otherwise injuring him.

### PLANS OUTLINED

For Entertainment of Lieut.-Col. Briscoe at Chamber of Commerce Wednesday Evening

All plans and preparations are completed for the entertainment of Lieut.-Col. Briscoe, who speaks to the former service men at the Chamber of Commerce Wednesday evening.

The entertainment for the colonel includes a supper at 6 o'clock at the Chamber, put over in true club style. The house and social committee has decided to make this a New England supper. The main constituents of course, will be brown bread and baked beans, so deliciously cooked and served that they will carry you back to the New England times as pictured and described in the old school histories.

You can help make this supper a big success by being present yourself and bringing a friend. As soon as supper is over, as an aid to digestion, Col. Briscoe will entertain with an informal talk.

In a letter received by Secretary Stutz this morning, the colonel writes that in this talk he will explain the lessons learned from recent experiences in the World War, the difference between the war-time army and the peace-time army, the present system of schools in the army with their hundreds of thousands of students, and a comparison of a soldier's pay and allowances with those of the men in civil life. He promises to make some surprising statements, the main thought being to tell the people just what the army is doing for them.

Members of the American Legion and all former service men are especially invited to hear Colonel Briscoe speak Wednesday evening. If possible, come to the supper, as Col. Briscoe will appreciate dining with men who wore the uniform. Let's give him a warm welcome. The kind that will make him long remember Brainerd.

### Card of Thanks

We wish to thank our friends and neighbors for their kindness and help to us during the illness and death of our mother Mrs. John A. Denis; also for the beautiful floral offerings. We wish to also thank the United Order of Foresters and Joiners and Helpers of Lodge No. 116.

Mr. and Mrs. E. Burton,  
Mr. and Mrs. John Denis,  
Charles Irwin and family.

## MERITS OF ROADS WERE THRESHED OUT

Representative of Minnesota Highway Improvement Association  
Spoke on Babcock Law

### COUNTY ASSOCIATION PLANNED

General Manager of Mississippi River Scenic Highway Association  
Portrays its Merits

Road matters as they affect Brainerd were discussed with an intensity never before experienced by people who attended the session at the Chamber of Commerce Monday evening.

President F. H. Simpson presided. The merits of the Babcock law, known as Amendment No. 1 to be voted on by the state November 2, were explained in detail by Arthur J. Donovan.

The plan of the Mississippi River Scenic Highway was discussed by the general manager, Truman Pierson of St. Louis, Mo.

These two exponents of road matters had frequent fits and a running debate was carried on and furnished food for thought from 8 to 11 p. m.

Eventually it simmered down to this. People favored both projects, but the critical thing just now was to put the Babcock law over the line. There was appointed a committee, C. L. Mott, R. R. Wise, Dr. J. A. Thabes, E. O. Webb and S. R. Adair who are to plan a county organization of the Minnesota Highway Improvement Association and to make arrangements for its meeting in Brainerd and completing organization. This association is to join with the 46 or more other county associations and "boost" the Babcock plan.

Then, after the accomplishment of this purpose, all will join in assisting the Mississippi River Scenic Highway association in its laudable purposes.

In fact, after the Babcock plan is adopted, it will provide a paved route for the Mississippi River Scenic Highway association through Minnesota.

### MRS. J. PROSSER

Funeral of Brainerd Matron Held on Monday Afternoon, Interment in Sauk Rapids

(St. Cloud Daily Times)  
Funeral services for Mrs. Jacob Prosser of Brainerd, who died Saturday were held Monday afternoon at one o'clock at the German Evangelical Friedens church, Rev. Dahlman officiating. Interment was in the family lot in Sauk Rapids cemetery.

Mrs. Prosser had been suffering for some months with cancer. She was formerly Miss Marie Kowitz, and was born near St. Joseph forty-four years ago. She lived at Sauk Rapids for five years before moving to Brainerd. She is survived by her husband and four sons living at Brainerd, one sister, Mrs. Fred Schave, of Sauk Rapids and four brothers, Henry and Herman Kowitz, of Sauk Rapids and Clarence and Fred Kowitz of Oregon.

Out-of-town relatives and friends who attended the funeral were Mrs. H. Schwartzkopf, Mr. and Mrs. Peter Staub, and Frank Prosser, of Brainerd; Geo. Pettijohn of Anoka, Mr. and Mrs. Frank Kasner, of Gilman, and Miss Elizabeth Blaske of Rice. The pallbearers were six nephews of Mrs. Prosser, Chris Kowitz, William Kowitz, Arthur and George Blaske and Henry and Walter Schave.

### AMERICAN LEGION

Members are asked to attend the Chamber of Commerce Wednesday evening dinner and meeting following which Lieut.-Colonel N. B. Briscoe will speak on the relationship between the man in uniform and the folks at home.

A nominal charge will be made for dinner, to be served at 6 p. m. Adt. 15.

### Charged With Murder

Stevens Point, Wis., Feb. 24—John Bosa today was bound over for trial in circuit court on a charge of first degree murder. The action followed a preliminary hearing today on charges of causing the death of his mother, Mrs. Anna Bosa. Bosa was continued at \$5,000 and not furnished. It is expected the trial will be continued at the May term.

## Now the New Blouses

Short, Three-quarter and Full Length Sleeves

They are decidedly new and they are most beautiful too. They are the first that we have received of the short and three-quarter sleeves. We cannot adequately describe them---You must see them to appreciate them.

## REV. C. H. KOCH AT CONFERENCES

Former Pastor of Brainerd Methodist Church Has Been Missionary in India

### MANY FRIENDS IN BRAINERD

Stationed at Calcutta--to Attend the Conference in Des Moines, Iowa, and Visit Friends in Brainerd

Word has been received from the Rev. C. H. Koch of Calcutta, India, that he is now enroute to America as a delegate to attend the General Conference of the Methodist church to be held in Des Moines, Iowa in May.

Rev. Koch is remembered most pleasantly by residents of Brainerd as the one who supplied the pulpit of the Methodist church for eight months about five years ago during the interim caused by the resignation of Rev. E. E. Satterlee. He was then on a furlough and had it extended that he might spend a little longer time in America.

He will visit Brainerd sometime in April and his friends here are looking forward with interest to see him and hear him again.

### Obituary

Little Helen E. Anderson daughter of E. L. Anderson of Brainerd was born July 11, 1917 and died Feb. 22, 1920 at the home of her grandparents Mr. and Mrs. M. H. Mayo. Death was due to pneumonia. The funeral was held Tuesday afternoon privately at the home 215 Gillis Ave.

The mother died a week ago of pneumonia.

### Card of Thanks

We wish to thank our friends and neighbors for the kindness shown us during the illness and death of our husband and father, also for the beautiful flowers which were received.

Mrs. Karl Johnson,  
and Family.

### BRAINERD'S ODDEST STORIES

That you can't keep a good man down has been exemplified in the case of D. D. Schrader, a life insurance agent. Schrader was sick with the flu at his farm home near Hubert and to keep him company five or six other members of the family were sick too.

The Brainerd doctor was so busy he advised taking the Pequot "doc" and the latter came and ordered the windows out and the openings screened with cloth.

While Schrader lay flat on his back, a man he had hired to cut timber, Perry Hollingsworth, came up and talked to him about farm matters, the conversation sitting through the screened window. From that line of business it drifted to flu and then life insurance and Schrader, enthusiastic as ever, even with the flu in evidence, talked life insurance and Hollingsworth took a \$2,500 policy.

The Pequot doctor examined the applicant in the woodshed and filed out the application. Hollingsworth then went out in the woods and talked insurance to his two helpers and they came back, another conversation sifted through the screened cloth window openings, there were two more examinations in the woodshed and two more applications written.

You have to hand it to the girls when it comes to exercising ingenuity. A young lady ripped her silk stocking along the seam and there was nothing on hand to repair the break. She grabbed a fountain pen and an ink bottle and soon painted the telltale tear out of sight.

Is making the typical bum obsolete.

### AN ELOQUENT RECORD

The St. Paul Pioneer Press gives the following facts concerning the six months' effect of Prohibition on the city of St. Paul and the county:

Reduced the number of patients in the city hospital about 1,000 for six months.

Reduced the applicants for admittance to the poorhouse 40 per cent in six months.

Reduced accidents, suicides, assaults and the like about 90 per cent.

Depopulated the workhouse at times so that it may be closed and the prisoners kept at the county jail.

Reduced the number of prisoners in the county jail more than 200 for the year compared with 1918.

Made fewer drug users rather than increasing them, as was freely predicted.

Is making the typical bum obsolete.

# SWEET LAW WILL STAND FOR YEAR

NO FURTHER LEGISLATION ON BENEFITS DUE SERVICE MEN EXPECTED AT PRESENT.

## LIBERAL INSURANCE TERMS

Policies Lapsed or Canceled May be Reinstated by Payment of Two Monthly Premiums—List of Beneficiaries Considerably Enlarged.

By JAMES P. HORNADAY.

Washington.—No additional legislation relating to benefits due the men who served in the world war is to be undertaken immediately. This decision has been reached by the leaders in congress after many conferences with the officials of the war risk bureau. It is believed the new ratings fixed by the Sweet law, now in effect, will stand through the coming fiscal year anyhow. The war risk bureau continues to interpret the legislation in the interest of the ex-service men in a liberal way; every doubt is cast in favor of the man who was willing to give his life for the cause for which the war was fought.

In line with the liberal policy adopted, a new ruling relating to war insurance has just been made. Practically every one of the 4,000,000 service men took out insurance when they entered the service. Many thousands have let their policies lapse since the armistice. The new ruling is for the benefit of these men. Under it war risk (term) insurance, regardless of how long it may have been lapsed or canceled, and regardless of how long the former service man may have been discharged, may be reinstated any time before July 1, 1930.

The conditions are:

- (1) Two monthly premiums on the amount of insurance to be reinstated must accompany the application.
- (2) The applicant must be in as good health as at the date of discharge, or at the expiration of the grace period, whichever is the later date, and so state in the application.

Offer Is Very Liberal.

The new ruling is a liberalization of the Sweet bill, and is designed for the special benefit of service men who failed to reinstate their insurance prior to the new law, and who have been discharged more than eighteen months.

Ex-service men may still reinstate their lapsed term insurance at any time within eighteen months following the month of discharge by complying with the same conditions. Within three months following the month of discharge, reinstatement may be made by simply remitting two months' premiums without a formal application or statement as to health.

Reinstatement may also be made after eighteen months following discharge, as follows: If the insurance has not been lapsed longer than three months, by complying with the conditions outlined. From the fourth to the eleventh month, inclusive, after lapse, by complying with the same conditions, and in addition submitting a formal report of examination made by a reputable physician substantiating the statement of health to the satisfaction of the director of the bureau.

Beneficiaries Group Enlarged.

In announcing the new ruling, Director Cholmeley-Jones emphasizes the fact that war risk (term) insurance or United States government (converted) life insurance may now be made payable to any of the following new and enlarged group of beneficiaries:

Parent, grandparent, step-parent, wife (or husband) child, step-child, adopted child, grandchild, brother, sister, half-brother, half-sister, brother through adoption, uncle, aunt, nephew, niece, brother-in-law, sister-in-law; persons who have stood in the relation of a parent to the insured for a period of one year or more prior to his enlistment or induction, or the child or children of such persons; parent, grandparent, step-parent, or parent through adoption of the insured's wife (or husband).

War risk (term) insurance may be converted into United States government life insurance, now or at any time within five years after the formal termination of the war by proclamation of the president.

The problem of further bonuses for the ex-service men is still with the legislators. Many of the congressmen are urging favorable action on some bonus bill at this session. The leaders in senate and house have withheld so far, mainly because of the expense involved. There is much demand for the legislation proposed by Mr. Lane, the outgoing secretary of the interior, to develop and make available farm land for the ex-service men, but apparently it has been pigeonholed for the present. With Mr. Lane out of the cabinet potent influence in its behalf will be lacking.

A Wood Turner.

Algernon—That—aw—pretty little sculptress I—aw—met at youah we-ception lawst evening completely turned my head, doncher know.

Henry—Indeed; I knew she had quite a reputation as a molder in clay, but I wasn't aware that she worked in wood!

—London Answers.

# Brooklyn Mermaids Who Go to Hawaii to Try for National 100-Yard Title

Miss Ethelda Bleibtry (above) and Miss Charlotte Boyle. Their acceptance of invitations to enter the competition has just been announced. On their return from Hawaii they will meet the women champions of the Pacific coast in title races to be held at San Francisco and Los Angeles.

## Have a Purpose, and Stick.

You can't change jobs periodically and rise to the top. A vacillating purpose may keep a fellow pretty busy, but few real credits accrue for the effort. What is gained today is lost tomorrow. The facing about means retracing your steps. That means you are getting back to the point you started from. This may be necessary if you were once headed in the wrong direction. Then of course you must get back to start in right. But this double tracking requires lots of effort and you get nowhere. You can't afford much of it. At best life's battles are hard to fight and the road is largely uphill. The wise man is careful to make every step contribute to progress.—Exchange.

## Great Scientist's Schedules.

When Sir Oliver Lodge was a very small boy he did not make that progress which might have been expected of a potential genius. Possibly the methods employed by his school teacher had something to do with this, for he kept a short cane inside his boot and used it lavishly upon his small charges. Young Oliver himself averaged about three cuts a day, and his little hands grew so tender that he could not hold a pen for half an hour after each evening. The instruction given at this school was entirely in classics. It has been suggested that this may have been what decided Oliver Lodge to go in for science.

# "Some Men Don't Know It Yet" says the Good Judge

This class of tobacco gives a man a lot more satisfaction than he ever gets out of ordinary tobacco.

Smaller chew—the good taste lasts and lasts.

You don't need a fresh chew so often. Any man who uses the Real Tobacco Chew will tell you that.

# LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

# NEW TREATMENT THAT KNOCKS RHEUMATISM

75c BOX FREE TO ANY SUFFERER

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish.

The treatment first introduced by Mr. Delano is so good that its owner wants everybody that suffers from rheumatism or who has a friend so afflicted, to get a free 75c package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatments have failed, I will, if you have never previously used the treatment, send you a full size 75c package free if you will just cut out this notice and send it with your name and address with 10c to help pay postage and distribution expense to me personally."

F. H. Delano, 1565-A Griffin Square Bldg., Syracuse, N. Y. I can send only one Free Package to an address.

## SWEET LAW WILL STAND FOR YEAR

NO FURTHER LEGISLATION ON BENEFITS DUE SERVICE MEN EXPECTED AT PRESENT.

## LIBERAL INSURANCE TERMS

Policies Lapsed or Canceled May be Reinstated by Payment of Two Monthly Premiums—List of Beneficiaries Considerably Enlarged.

By JAMES P. HORNADAY.

Washington.—No additional legislation relating to benefits due the men who served in the world war is to be undertaken immediately. This decision has been reached by the leaders in congress after many conferences with the officials of the war risk bureau. It is believed the new ratings fixed by the Sweet law, now in effect, will stand through the coming fiscal year anyhow. The war risk bureau continues to interpret the legislation in the interest of the ex-service men in a liberal way; every doubt is cast in favor of the man who was willing to give his life for the cause for which the war was fought.

In line with the liberal policy adopted, a new ruling relating to war insurance has just been made. Practically every one of the 4,000,000 service men took out insurance when they entered the service. Many thousands have let their policies lapse since the armistice. The new ruling is for the benefit of these men. Under it war risk (term) insurance, regardless of how long it may have been lapsed or canceled, and regardless of how long the former service man may have been discharged, may be reinstated any time before July 1, 1930.

The conditions are: (1) Two monthly premiums on the amount of insurance to be reinstated must accompany the application.

(2) The applicant must be in as good health as at the date of discharge, or at the expiration of the grace period, whichever is the later date, and so state in the application.

Offer is Very Liberal.

The new ruling is a liberalization of war risk insurance since the passage of the Sweet bill, and is designed for the special benefit of service men who failed to reinstate their insurance prior to the new law, and who have been discharged more than eighteen months.

Ex-service men may still reinstate their lapsed term insurance at any time within eighteen months following the month of discharge by complying with the same conditions.

I HAVE a number of customers for houses who will pay \$1,500.00 to \$2,500.00. J. H. Krekelberg, 710 Laurel St., Phone 368-L. 8091-2151f

YOUNG MAN wants position in grocery or general merchandise store. Four years experience. Call Windsor Hotel, between 6 and 7 P. M. 8117-2191f

IF YOU WANT A BUYER for your house or lot, for your store or business, for your real estate of any kind, see Smith Bros., "Real Estate Specialists." Phone 425. 8021-29012-tts

Beneficiaries Group Enlarged.

In announcing the new ruling, Director Chalmers-Jones emphasizes the fact that war risk (term) insurance or United States government (converted) life insurance may now be made payable to any of the following new and enlarged group of beneficiaries:

Parent, grandparent, step-parent, wife (or husband) child, step-child, adopted child, grandchild, brother, sister, half-brother, half-sister, brother through adoption, uncle, aunt, nephew, niece, brother-in-law, sister-in-law; persons who have stood in the relation of a parent to the insured for a period of one year or more prior to his enlistment or induction, or the child or children of such persons; parent, grandparent, step-parent, or parent through adoption of the insured's wife (or husband).

War risk (term) insurance may be converted into United States government life insurance, now or at any time within five years after the formal termination of the war by proclamation of the president.

The problem of further bonuses for the ex-service men is still with the legislators. Many of the congressmen are urging favorable action on some bonus bill at this session. The leaders in senate and house have withheld so far, mainly because of the expense involved. There is much demand for the legislation proposed by Mr. Lane, the outgoing secretary of the interior, to develop and make available farm land for the ex-service men, but apparently it has been pigeonholed for the present. With Mr. Lane out of the cabinet potent influence in its behalf will be lacking.

A Wood Turner.

Algernon—That—aw—pewty little sculptress I—aw—met at youah we-ception lawst evening completely turned my head, doncher know.

Henry—Indeed; I knew she had quite a reputation as a molder in clay. I wasn't aware that she worked in wood!—London Answers.

## Brooklyn Mermaids Who Go to Hawaii to Try for National 100-Yard Title

Miss Ethelda Bleibtry (above) and Miss Charlotte Boyle. Their acceptance of invitations to enter the competition has just been announced. On their return from Hawaii they will meet the women champions of the Pacific coast in title races to be held at San Francisco and Los Angeles.

## Have a Purpose, and Stick.

You can't change jobs periodically and rise to the top. A vacillating purpose may keep a fellow pretty busy, but few real credits accrue for the effort. What is gained today is lost tomorrow. The facing about means retreating your steps. That means you are getting back to the point you started from. This may be necessary if you were once headed in the wrong direction. Then of course you must get back to start in right. But this double tracking requires lots of effort and you get nowhere. You can't afford much of it. At best life's battles are hard to fight and the road is largely uphill. The wise man is careful to make every step contribute to progress.—Exchange.

## Great Scientist's Schooldays.

When Sir Oliver Lodge was a very small boy he did not make that progress which might have been expected of a potential genius. Possibly the methods employed by his school teacher had something to do with this, for he kept a short cane inside his boot and used it lavishly upon his small charges. Young Oliver himself averaged about three cuts a day, and his little hands grew so tender that he could not hold a pen for half an hour after each caning. The instruction given at this school was entirely in classics. It has been suggested that this may have been what decided Oliver Lodge to go in for science.
